Question 8

How concerned are you about climate change? (1 = not concerned; 5 = very concerned): 1
How important is it to you that Los Altos takes action on climate change? (1 = not important; 5 = very important): 1
How effective do you feel Los Altos has been in reducing the impact of and planning for climate change? (1 = not effective; 5 = very effective): 1

Question 9

More frequent and intense rainfalls: 4
More frequent wildfires: 2
Environmental and climate justice (vulnerable populations have fewer resources and/or limited mobility): 1
Water supply (more severe and frequent droughts will impact the availability and cost of water): 5
Power supply (outages to prevent wildfires and increased energy use to cool buildings may impact energy availability): 3
Extreme climate event impacts on residents and businesses: 1
Heat wave impacts on health: 1

Question 10

- Engaged, informed, and make regular decisions to reduce my impact on the climate

Question 11

No response

Question 12

CAAP Survey #1

What are your thoughts on climate change and its impact?

• City Manager's Weekly Update

Name not shown

outside Los Altos

May 10, 2021, 8:53 PM

Question 1

• Yes

Question 2

My family has been in Los Altos for over 30 years and I now live in an apartment in SF and work in a business downtown while occasionally staying in Los Altos with them. The city has failed to adequately provide low emissions ways to work and live in Los Altos as many of those who work downtown commute from other cities and there is no adequate bus access ergo most workers drive. We need significantly more housing in our city to make it possible to walk and bike to work, and should allow for more multiplexes and apartment buildings near the schools.

Question 3
